

New covered walkway complete!

A new covered walkway has recently opened to the public connecting the new car park to hospital Entrance J, providing easy access for staff and visitors. The walkway also extends to the pedestrian footpath along Burnside Drive, providing one travel path to and from Warwick Farm station.

Construction underway for a new public outdoor area

Here's a behind-the-scenes glimpse of a future public outdoor area which will provide a welcoming greenspace for visitors, patients and staff to the hospital.

Stay tuned for opening details in the new year!

We've had a few Mo-ments!

The project team have been Mo'ing it up in the LHAP office in support of MOVEMBER, helping to raise awareness of men's health.

Demolition works in progress

Here's three sustainable fun facts you should know about the demolition of the former P2 car park.

 Approximately 97% of the car park will be recycled and repurposed to create new products for use on farms for pig pens or chicken coops.

 The concrete pulverizers used to demolish the structure have a crushing force of 50 tonne, which is equivalent to the bite strength of 25 crocodiles.

 At the recycling centre, the concrete waste will be crushed, screened, and cleaned where it will be distributed for various uses such as drains, pavements, road bases and concrete mulch.

Take a look inside the current demolition zone of the former P2 car park.

 The former P2 car park will develop into ground level public parking and will become an additional entrance point into the new P2 multi-storey car park.

Spot the difference!

Since construction began in 2019, there have been significant changes to the hospital campus including demolished buildings, road changes, a new car park and currently a new hospital building in construction.

As the hospital continues to grow and develop, we'd love to hear what your favourite memories are to feature in our next edition!

Be sure to email us with a photo (if possible) at SWSLHD-LHAP@health.nsw.gov.au

What a year!

2022 has been a big year for the Liverpool Health and Academic project team.

Despite some La Niña hurdles, we've seen great progress on the first stage of the redevelopment project during the past 12 months – from the initial sod turn to the pouring of the first concrete slab, community and staff can now see the building grow and take shape over the hoarding wall.

We also said **goodbye** to our first tower crane, Celsus, that helped build the new seven-storey car park and **welcomed**, Binyang, our 52-metre tower crane helping to construct the first hospital building.

The project team will continue to engage with community groups and key stakeholders in 2023!

You can book a presentation to learn more about the exciting project by emailing:
SWSLHD-LHAP@health.nsw.gov.au

Check out some of our 2022 milestones

FEB 2022
New car park reaches full height

MAR 2022
Sod turn on LHAP Main Works site

APR 2022
Car park façade artwork revealed

MAY 2022
Name the crane competition

JUL 2022
Largest NSW Health artwork complete

AUG 2022
Main works crane arrives

SEP 2022
New car park opens to the public

SEP 2022
LHAP first concrete slab

NOV 2022
New covered walkway opens

Happy Holidays

From the Liverpool Redevelopment Team to you, we wish everyone a safe and happy break over the holidays and a wonderful year ahead.

Follow the action in 2023
